AMENDMENTS TO THE TITLE AND SPECIFICATION

Please replace the title with the following rewritten title:

-- STORAGE DEVICE THAT IS DETACHABLY ATTACHABLE TO AN
INFORMATION PROCESSING APPARATUS --

Please replace paragraph [0036] of the published application with the following rewritten paragraph:

As described above, the IC chip 205 is given both of the nonvolatile memory (functioning as a data storage device) and the security function, thereby achieving simplification of the interface in the memory card ~~202~~ 201.

Please replace paragraph [0064] of the published application with the following rewritten paragraph:

FIG. ~~[[5]]~~ 4 is an explanatory diagram of a usage form (application example) of the memory card with the built-in IC chip and FIG. ~~[[6]]~~ 5 is a sequence diagram showing an access processing flow in this application example. In FIG. ~~[[5]]~~ 4, a terminal 504, to which a memory card 507 with a built-in IC chip 508 is detachably attachable, and a service contents server 500 are connected to each other through the Internet 503.
